### Concentrate Efforts For Better Glendale

Dwight Stephenson Explains Attitude in Regard to Proposed Cemetery Ordinance Withdrawn and His Aim to Represent Entire City if Re-elected

This organization has recently been formed with the stated object of creating a greater civic interest and understanding of local conditions among our citizens.

The league has already performed praiseworthy, nonpartisan work by securing the greatest rush for registrations that Glendale has yet seen. The Press in Thursday's issue spoke in no uncertain terms regarding registration and voting duties, and it is to be hoped the day will come when our citizens will not have to be persuaded to exercise their suffrage rights and obligations.

It is understood that after all the candidates have announced themselves, the league will select those it considers best fitted and then urge their election to office. We print below the league's statement of principles:

#### GOOD GOVERNMENT LEAGUE OF GLENDAL

(A Statement of Principles Adopted at a Meeting Held May 17, 1921.)

Believing it to be the duty of every citizen to take a personal interest in the affairs of the community in which he lives, so that a truly representative government may exist in accordance with the wise precepts of the founders of our nation, a group of citizens of Glendale have come together for the purpose of forming an organization to be known as the Good Government League of Glendale, whose object it shall be to stimulate a deeper civic spirit and awaken in our citizens a greater realization of the importance of an intelligent understanding of the affairs of our city, and the need for their active cooperation therein.

WHEREAS, Important city elections are held from time to time and many citizens habitually fail to register in time, and

WHEREAS, According to law, all

books of registration are closed 30 days before an election; therefore be it

RESOLVED, That this organization shall do everything in its power to encourage and facilitate a full registration of our voting citizens.

WHEREAS, It is the privilege as well as the duty of every American citizen to respect the constitution of the United States; be it

RESOLVED, That the Good Government League of Glendale expresses itself as in favor of all measures in harmony with the constitution of the United States, and correspondingly opposed to measures contrary to either the spirit or the letter of this great and fundamental expression of principles of American citizenship.

WHEREAS, It is the belief of the founders of this league that the interests of our city can be served best by officials of such mental and moral caliber as will not be influenced by prejudice or factional partisanship; therefore, be it

RESOLVED, That the Good Government League of Glendale endorse only such candidates for the important offices of our local government whose qualifications and publicly stated attitude are in harmony with the above statement of principles; and be it furthermore

RESOLVED, That this organization go on record as standing unalterably for and actively working for a clean, sane and progressive city government.

DRU NICOLES, Chairman.

EVA DANIELS, Secretary.

Mr. and Mrs. Roy Kent and family, Mrs. Herman Riehl of 917 North Louise street, had as her house guest for a few days this week, her friend, Mrs. James Bainard of Long Beach.

Have you registered? Do it NOW.

### Membership Drive of Glendale Music Club

Prominent Members of Churches and Organizations Heartily Support This Effort to Foster Love of Music Because of Its Elevating Influence

The Glendale Music Club which is putting on a membership drive appears to have the solid backing of all the organized bodies in the city if the expressions of their various officials can be accepted as an indication of public sentiment.

#### Mrs. H. E. Bartlett

Mrs. H. E. Bartlett, chairman of the Glendale Chapter of the American Red Cross and also a member of the board of city trustees, said:

"I think it means a great deal to Glendale that we have such a fine organization. Music is educational, elevating and helpful in many ways. The cultivation of a love for music in young people may make a tremendous difference in their lives. If fond of music they have always a resource to which they can turn and spend a pleasant evening."

#### Mrs. C. E. Hutchinson

Mrs. C. E. Hutchinson, president of the Tuesday Afternoon Club, said: "I am very much interested in the Music Club. Music may be one of the finest things in the life of a child. There is no influence that has the same refining effect, that lasts like music. You can tell usually when you watch young people whether they have had musical training or not; their tastes are so much more refined. I think it has a wonderful influence. Also I think it will be an inspiration to those who have once been musicians and who have become careless or neglectful of their music."

#### Spencer Robinson

Spencer Robinson, city trustee, when asked if he were prepared to endorse the membership drive of the Glendale Music Club, said:

"Well, I guess, yes! Music makes

for harmony, it unifies people, it raises the standard of art. I am for the Music Club first, last and all the time."

#### President Dwight Stephenson

"The chairman of the board of city trustees when approached in regard to the matter said: 'You cannot put it too strong for me. I am ready to subscribe to anything you can say in regard to the good work for the community that the Music Club is doing.'"

#### Rev. Clyde M. Crist

The pastor of the First Methodist church of this city, Rev. Clyde M. Crist, said:

"I think such work as the Glendale Music Club is doing is very desirable and am ready to lend it my personal influence in any way I can. Very often our criticisms of entertainment and amusements have been destructive and when we find a movement like this we want to support it because it means betterment for the community."

#### Rev. Clifford Cole

Pastor of Christian Church "In my opinion it is a very good thing if they will foster the right kind of music and take out some of this 'jazz' spirit in the community. If the right kind of people would write our songs, we would not have to make so many laws."

#### Dr. W. E. Edmonds

Dr. W. E. Edmonds, pastor of the Glendale Presbyterian church, said: "Anything that has to do with uplift along musical lines has my hearty support and I shall be glad to cooperate in any way possible to make the membership drive of the Glendale Music Club a success."

### PATRIOTIC TALKS BY C. OF C. INDORSES VETERANS GIVEN AT SCHOOLS

Begin Program With Singing of the "Star-Spangled Banner"

CLOSE WITH "AMERICA"

Mrs. C. L. Peckham, Representing Woman's Relief Corps, Speaks

Comrades Corliss and Pratt of the Grand Army of the Republic and Thomas Austin, world-war veteran and Paul Burris, a sailor who has also served his country, addressed the children of Columbus avenue school on patriotism at Memorial Day exercises held at the school yesterday.

The program began with the singing of the "Star Spangled Banner" and at its close the entire assemblage sang "America."

An inspiring feature was the recitation of "America's Creed," by the entire school.

Mrs. C. L. Peckham, representing the Woman's Relief Corps, gave an address filled with the spirit of patriotism. An excerpt of her speech follows:

"It is with a heart full of patriotism that I come before you today as a representative of the Woman's Relief Corps. These comrades here today are veterans of 1861 and 1914; they fought to uphold the banner we all love—the Stars and Stripes."

"It is fitting that we should not forget their fallen comrades on Memorial Day; that we should bring all the flowers we can to the cemetery to strew their graves, with loving grateful hearts."

"Guard well that flag—your flag, my flag, the people's flag; the flag that makes us free. Our hearts thrill with love of it. Be true to the stars who wore it in pain by the old camp fires."

"Hallow the dream of Memorial Day. It is ours to tenderly, lovingly strew fragrant flowers o'er the dead heroes who fought for the right, leaving our banner unsullied and bright. Hallow the memory of deeds they have done; tell of the laurels their valor has won; hallow the graves where our soldier boys lie under the light of the blue ether sky."

"Pride of our country, her treasure, her best, peaceful your slumbers, unbroken your rest! Home they are coming to blare of the bands and the hearts, to the proud applause and acclaim, to the wreaths and songs and yearning hands and the hearts that are all aflame."

"We art waiting for those who with courage high, went forth to the flaming fray; when their ship comes home our hearts will cry: 'Here's the end of a perfect day!'"

"They are coming home with the victory won, with the world made fair and free! And the lands that cringed from the lash and the gun, they restored to their liberty."

"And the ones who sleep 'neath the far-off sod, will join them all at the throne of God, at the end of some perfect day. Above their rest is no sound of weeping; only the songbirds fill the air; unknown their graves, yet there in God's keeping—there are none missing this tender care, in Flanders fields, where poppies grow."

Memorial Day, or Decoration Day, originated in a custom of women of the south to decorate the graves of the dead with flowers in spring.

#### Attention G. A. R.

All comrades are urged to go to the celebration at Burbank on Decoration Day. The services will be at 9 a. m., at the Grammar School and conveyances will be provided there to take them to the Grand View Memorial Park.

By order of  
T. M. BARRETT,  
Adjutant.

### SWIMMING POOL BONDS

Petitions Will Be On Display for Signature of All Interested

MUST BE IN BY TUESDAY

Up to People Who Have Been Urging a Municipal Pool to Get Busy at Once

The meeting called by Secretary Rhoades at the chamber of commerce headquarters yesterday afternoon at 4:30, to take action in regard to circulating petitions for placing on the ballot for the coming election a bond proposition of \$22,000 for a swimming pool and to complete payment for Kenilworth park, was small numerically, but it ratified the action which Secretary Rhoades was disposed to take of placing the petition on display at the chamber and assisting in other ways in securing signatures.

City Manager Watson was present for a few minutes and in response to inquiries stated that the petitions must be at the city hall for checking by City Clerk Sherer by Tuesday morning and that any action taken must therefore be immediate. He considered it was up to the people who have been urging a swimming pool to get busy if they really desire it. He also stated that the estimated cost of the swimming pool is \$17,000 the other \$5000 being for the payment of the amount due on the park of nine and a fraction acres, generally known as Kenilworth park and situated in the northwest part of the city. The \$17,000 would include cost of lockers, band-stand, etc., and the dimensions of the pool as planned would be 30 by 90 feet, in accordance with the recommendations of the board of health that such pools be long and narrow, both for the pleasures of the swimmers and the safety of beginners who can get initial practice by swimming across a narrow pool. Such a pool, he said, would correspond with the original one at Brookside park.

The question of location was brought up, but inasmuch as the city owns the park it was held to be the logical place and not too far out to meet the convenience of children who have been going to Brookside or the river.

### EXHIBITION OF ARTS AND CRAFTS

Mrs. C. E. Hutchinson, president of the Tuesday Afternoon Club of this city, and the president of the South Pasadena Woman's Club will be hostesses June 4, at Exposition park, at the exhibition of arts and crafts put on by the foreigners who have found a refuge here. It will be an exposition of the things these various people have been trained to do and in which they have developed wonderful skill. They were persuaded to make this showing for the benefit and enlightenment of Americans by Mrs. Eberhart who has been the chairman of Americanization of the District Federation of Women's Clubs and who is now president-elect of that organization.

### COLLISION OF TRUCK AND AUTO CAUSES HAVOC

Ambulances Rush Injured to Hospitals—Three in Auto and Two in Truck Suffering Severe Injuries That May Prove Fatal—Visitors to Los Angeles

A very serious accident occurred at Broadway and Verdugo road at about 10:30 this morning when Gus Stelzner, his wife and two children and Mr. Stelzner's uncle and aunt, Dr. and Mrs. Walter Quehl of Los Angeles, were driving south from La Crescenta and at the corner named their machine was struck by a Pasadena Furniture Company truck and turned over. Mr. and Mrs. Quehl were pinned beneath the wreckage and both were very seriously hurt. Mr. Stelzner was badly cut about the head, but his wife and children escaped uninjured.

The two young men on the furniture truck were also badly hurt. They were picked up by the Pulliam & Kiefer and the L. G. Scovern ambu-

lances and rushed to the Pasadena hospital.

Mr. Stelzner and family live in Seattle, Wash., whence they drove to Los Angeles in their machine to spend a few weeks with their relatives, the Quehls.

Mr. and Mrs. Quehl were taken to the Glendale sanitarium and hospital. There it was found that Mr. Quehl had two fractured ribs and severe bruises on various parts of his body. Mrs. Quehl also had severe bruises and one hip is fractured.

Dr. Babbett states that one of the men on the truck is suffering from fractured skull at a Pasadena hospital. His name is Jiles, but as yet no relatives have been located, and it is not known in what city he lives.

### NEW EQUIPMENT AT THE SANITARIUM COMMENDED

Improvements Are Modern and Up-to-date—Praised by State Board

The Glendale sanitarium and hospital, whose new hospital building and equipment have received much commendation and appreciation since its establishment is in receipt of a communication from the state board of charities and corrections, whose agent, Margaret F. Sirch, recently inspected the department. She writes: "The state board of charities and corrections desires to compliment you on the establishment of your modern, well-equipped maternity department which our agents inspected yesterday."

The new heating plant for the Glendale sanitarium and hospital is nearing completion. It is a cement stucco structure, 40x50 feet, enclosing two 125 horsepower boilers and other necessary apparatus. The centrifugal pump will throw 300 gallons of water per minute and maintain a pressure of 50 pounds throughout the buildings, regardless of elevation or volume used. Cement vaults to enclose the transformer, the various pumps, etc., are under construction. A cement floor will be provided.

Other improvements which have recently been made are the enclosing of the porches with screening; the installation of four fine scrub tubs in the surgical department; the addition of several extra beds, lavatories, and instrument sinks.

While some hospitals use a longer scrub tub at which several must work, the Glendale sanitarium and hospital has provided individual tubs with ample space between each for elbow room.

One tub is placed in the surgical dressing room and the other three in scrub room, between the two operating rooms. The flow of water through the spray is regulated by the knee control. Each tub measures 30 inches in length.

### GOOD PROGRAM FOR ALUMNI DAY

At a meeting held one evening this week at the home of Miss Jane Snyder in Arden avenue, plans were completed in part, at least, for Alumni Day, which has been set for June 3. They include a show of the babies of alumni, an art exhibit by the art department of the school, a baseball game and a jazz assembly and dance in the evening. As far as addresses can be ascertained invitations will be sent to all alumni to visit Glendale high on that day.

### LECTURE ON PUBLIC HEALTH WORK IS ENJOYED

Miss Talbott, Superintendent of Municipal of Los Angeles, Makes Address

The nurses of the Glendale sanitarium and hospital enjoyed a very interesting lecture Tuesday night on the subject of "Public Health Work," given by Miss Agnes Talbott, superintendent of municipal nurses of Los Angeles. Miss Talbott has occupied her present position for the past five years and previously had been engaged in the same line of work in Chicago. Her recital of experiences was very interesting.

The demand for Public Health nursing service, which was first established by Florence Nightingale, has steadily increased. Los Angeles was the first city in the United States to maintain municipal nurses, this service being established in 1898. Glendale has recently established a Public Health nursing service also.

#### An Invitation

Mr. A. W. Scudder, Commander N. P. Banks Post, G. A. R., 320 West Harvard street, Glendale, Calif.:

My Dear Mr. Scudder—I consider it a privilege to extend an invitation to yourself and through you to each of the members of N. P. Banks Post, G. A. R., to be my guests on Monday evening next, Memorial Day, May 30, to witness the picture "The Highest Law," in which Ralph Ince portrays the character of Abraham Lincoln.

I feel sure that you and each of your comrades will thoroughly enjoy this picture, and this invitation includes the wives of each one of you, or any ladies of your immediate family.

The grand old G. A. R. Button will be the only credential to admission.

Trusting I may have the honor of your acceptance.

Very truly yours,

W. A. HOWE,

Lessee and Manager Glendale Theater.

#### Memorial Day Calendar

## BOXING BOUTS ENJOYED BY AMERICAN LEGION

Judges Were W. B. Kelley, Gilbert Cowan and W. E. Evans—Program in Charge of Allen Bullis—Joe Griffin Was Master of Ceremonies

A program of decided interest was staged at the meeting of the American Legion last evening, which drew an excellent audience of members and their ladies and other guests. It included four boxing bouts, all of a high order, and the ladies who were present seemed to enjoy it almost as much as their escorts.

The program was in charge of Allen Bullis with Joe Griffin acting as the master of ceremonies. He opened it with a talk on sports in general and boxing in particular, his remarks being well received.

Acting as judges were W. B. Kelley, Gilbert Cowan and W. E. Evans. Curley O'Connor served as referee.

The first event was a bout between Young Siberel and W. Farner, both local men. This was strenuous and kept the audience in an uproar during the entire three rounds, the award going to Farner.

Next came an exhibition bout between Billy Hunefeld and Jack Brooks. These two were old-time professionals who have boxed at Vernon and various other athletic clubs along the coast. They gave a very classy exhibition of the art of self-defense.

The third event was between Kid Essex and Young Kendig, Kendig be-

ing returned the winner. It was a very spirited performance.

At this point in the entertainment there being some time to spare, three candidates for the office of city trustee—Messrs. Stephenson, Lapham and Robinson—and a candidate for city clerk in the person of Guy Maxwell, were introduced. After a few remarks by W. B. Kelley on behalf of the Legion it was agreed that the advertisement afforded by such an introduction was worth \$5 apiece, to which the candidates cheerfully assented, producing the fee called for.

The audience was entertained for a few minutes with a dramatic character reading by Joe Griffin and then came the final and main event of the evening. This was a three-round bout between Ralph Myers and Walter Dodge, both Glendale boys. Although out-weighted and handicapped in other ways, young Myers made a very classy showing, keeping his heavier opponent on the move at all times, and was returned the winner by the judges, a decision greeted by great applause on the part of the audience.

This closed the evening's entertainment, the audience adjourning with promises to be present at the next performance of this nature, which will be staged June 24.

## High School Students

Students of Glendale Union high school music department gave an inspiring demonstration of their work in theory, sight reading and harmony, before an enthusiastic audience composed of members of the music section of the Tuesday Afternoon Club yesterday afternoon.

The demonstration by the students of Miss Nina Robinson's class in notation, building of major and minor scales and drills on key signatures and chromatic intervals, triads and dominant sevenths, showed power of intelligent reading and independent thinking. They sang two songs, a canon, "Like As a Father Pitted the Children," and an "Elin Song," both of which they had learned without the help of the piano.

In the placing of staff signatures and the writing of music played for them by their teacher, Mrs. Dora Gibson, the first-year harmony class displayed careful training and remarkable facility. Their knowledge of keyboard harmony they put into practice in writing delightful melodies for several songs, which Julia Robinson sang for the company most charmingly.

Among these little songs written in perfect rhythm, exquisite harmony and good taste, were "Little Miss Mary," composed by Ethel Burt; "Red Red Breast," by Ruth Goldsborough; "The Man in the Moon," by Leatha Colton; "Dandelion," by Claudia Wright; "Little Miss Muffet," by James Smith; "Pussy Willows," by Ruth Head; "Sing, Robin, Sing," by

Selma Carter; "A Birdie With a Yellow Bill," by Mary Richardson; "A Tragedy," which related why the little boy couldn't go to the party, written by Reba Phillips and played by the young composer herself; "The Jolly Miller," by Lucile Woods; "Swing Song," by Bertha Wheeler, and "Farewell," by Genevieve Milligan.

The second-year classes gave exercises in modulation from the common tone and common chord and as a practical application of what they have been studying, they played original compositions embodying the principles involved in their year's work.

These little compositions of real merit were played by the composers themselves, and formed a delightful little recital in themselves, the program of which follows:

Canzonetta, Eleanor Sawyer; Spring Fancy, Beryl Hatch; Spanish Dance, Mrs. Della Johnson; The Singing Brook, Flora Kenny; Memories of Harmony, Mary Florence Pate; Margarita, Constance Domesler, who has been recommended for this year's scholarship in music at the college of music of the University of California.

Mrs. Gibbs offered the ESTH Mrs. Gibson prefaced this intensely interesting affair with a short talk on music in its relation to life, and related the benefits accruing from this two years' course in the high school. Mrs. C. L. Marlene, curator of the music section, moved a rising vote of thanks to the young people for the edifying exhibition of work presented.

## Federation

At the meeting of the Columbus avenue Parent-Teacher association held last Thursday afternoon, a detailed report of the proceedings of the district federation held recently in Los Angeles, was given by Mrs. C. L. Peckham, first delegate from the Columbus avenue school.

Among the interesting reports mentioned by Mrs. Peckham was that of Mrs. A. A. Barton, financial secretary, which showed the receipt of \$2000 from December, 1920, to April, 1921, and also showed that the district and state membership was 1100.

Those representing Glendale at the convention, according to Mrs. Peckham's report, were Mrs. H. V. Henry, publicity chairman; Mrs. A. T. Burr, from the Mutual Benefit reading circle; Mrs. John Robert White, representative of the district federation; Mr. Jessie Russell, chairman of legislation; Richardson D. White, superintendent of Glendale schools; Mrs. Stott, financial secretary of the Glendale federation; Mrs. P. S. McNutt, parliamentarian.

Reports of other P. T. A. associations, Mrs. Peckham said, showed that everyone was working for community betterment through cooperation of mothers and teachers, parents' reading circles, child welfare, thrift and patriotism, in order that through the physical, mental and spiritual training of the child to noble manhood and

womanhood, the world may be made safe for democracy.

An address at this convention by Dr. Rodgers, dean of education of the University of Southern California, urged vocational training, the impressing of girls with the nobility of homemaking, and the closer sympathy and companionship between father and son.

Mrs. John Robert White's report, Mrs. Peckham said, showed that the loyalty and cooperation of mothers and teachers of Glendale was a thing to be proud of.

The Madrigal Clubs selections before the convention were another matter of pride for Glendale.

Superintendent Richardson D. White in his talk before the mothers at this convention, stressed the wonderful influence of the mother on the plastic mind of the child, in his most impressionable stage, up to his seventh year. He called the mother's work the most important in the whole world.

Mrs. Peckham also told of Mrs. John R. White's report of Glendale's reading circle at this convention.

Glendale's banner, with its motto: "We Build for Tomorrow," was conspicuously displayed at the head of the section reserved for the Glendale members at the convention and excited much favorable comment, Mrs. Peckham said.

and vice president, Miss Lorraine Mitchell; secretary, Miss Margaret Ball; treasurer, Miss Saxton.

Members expressed appreciation of the work of Miss Midcalf, who had served the club for two years as president and who refused to be a candidate to succeed herself. In all respects it was a very satisfactory meeting.

NO USE FOR CLARA SMITH HAMON

The American Society of Cinematographers has taken a drastic stand against the motion picture designs of Clara Smith Hamon. Recently the Oklahoma woman offered, through a business representative, \$500 a week to René Guissart.

## A STITCH IN TIME WILL SAVE NINE

There's economy, also satisfaction in giving your car the once-over in the spring, then if it needs replacements or anything else to bring it back to perfect form, have it done as quickly as possible," advises Mr. Wishart, the local Dort dealer.

"Naturally the toll of a year's driving is most severe and generally there is a reminder or two. Right here the old stitch in time principle works out. When the car is restored to its best shape, almost as good as the day it was bought, riding in it is far more enjoyable, also it will bring a much better price if you care to sell or expect to trade it in on a new car."

"Letting your motor car run down is false economy. Eventually it costs you more and in the interim you are not happiest when rolling along the highways."

"Even little things which you may think are of no special consequence develop into big items in repair bills if allowed to run on without interruption. Don't overlook the smallest item. Busy as repair men now are, they will be over their heads in work in a few weeks."

### Dancing Recital

Some of the Burbank pupils of the Woods' School of Music and Dancing gave a very successful dancing recital on Wednesday afternoon, under direction of their teachers, the Misses Dorothy and Kathleen Woods and Mrs. Nanno Woods. Pearl Lutge, a tiny five-year-old, danced the nursery rhyme story of Little Miss Muffet. Marguerite Park gave a colorful Gypsy dance with tambourine. Virginia Vance, in a striking costume of black and yellow, presented an eccentric dance. Belle, Juanita Selby appeared twice, first giving an original conception of her own; later in the program giving a fancy Irish dance. Ida May Lutge and Dorothy Sprowle were very successful in a dainty double number. Pierrot and Pierrette. Violet and Marie Mouffee also presented a double number, a Russian dance, which they gave with brilliant technique. For the two last-named pupils, the Misses Woods have just secured a short professional engagement under a Los Angeles director.

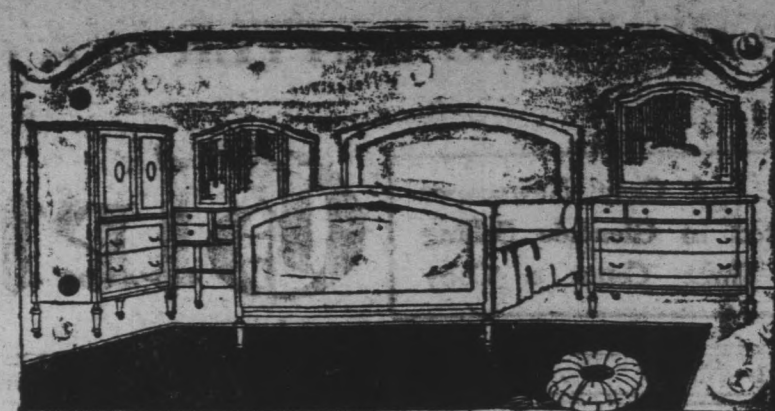

The sisters Mouffee also gave humorous monologues, Violet portraying the role of a girl aspiring to become a noted actress and rebellious at having to wash dishes three times a day.

## LADY FROM OKLAHOMA

(Continued from Page 2)

sionary to the Indians by some society. Her mother taught school near the scene of his labors. The missionary society felt that it was not good for a missionary man to live alone, and so decided to send out a spinster of somewhat advanced years to be his outfit her with a trousseau.

Word that she was on the way came to the missionary and the school teacher and they moved forward the date of their marriage. "The old maid was quite wrathful when she arrived," said the speaker, "but she couldn't do anything to my father for breach of promise because he hadn't promised her anything."

**A War Refugee at Five**  
Her voice lapsed into a pathetic strain that held her hearers spell-bound as she recounted some of the experiences of her remarkable life. Among her first recollections are those of being a refugee when a child of five, during the Civil War. She told of the long flight from the Confederates to the Federal camp, and said she would never forget how good to her childhood eyes Old Glory looked when they saw it in the distance. The struggle for existence by the missionary family was a hard one—often they just kept about the Plimsoll line of sufficient sustenance. Often her childish hands bled from the necessary work of husking corn.

She skipped hastily over many years in her narrative—those years which we hear of from the lips of others wherein her kind and neighborly acts made her the best known and best loved woman in her part of the state. Plunging into the story of how she came to run for congress she said:

**Running for Congress**  
"I was 66 years of age when they came to me and told me I was the only person, man or woman, who could win against the man running on the other ticket. I told them it would look funny for me, an anti-slavery, to run for congress, but I didn't want to be a slacker. I told

them to wait and I would think it over. I talked with three persons about it that day, and none of them were women, mind you, and decided it was my duty to run."

She told how they abused her as a candidate. They asked her why she didn't go and raise a family and she replied that she had helped to raise and support more girls than one person in a hundred—and told with a sad note in her voice how she had bought trousseaus for 13 girls. Her campaign slogan was "I'm a Christian, I'm an American, I'm a Republican."

"And then after I had won they tried to count me out," she said, "but they didn't. If all the fighting blood of all my fighting ancestors hadn't come to my rescue, however, they would have. I'm going to keep fighting, too, until every white person (I won't say anything about the others) in my state of Oklahoma who wants a chance to vote shall have his vote fairly counted."

Then she told about many women who had come to her and complained because the men had not done this thing or that thing and blamed the men in congress and out. "I told them," she said, "that they would better see that their own back yards were in good order before attempting to criticize the actions of others on nation-wide and world-wide affairs. And say, you ought to see the letters some of them write me. I tell them God made men a little less than the angels and then made woman one better, but now she has stepped down and it is 50-50 now."

She practices what she preaches, too, having a man for a secretary, and is quoted as saying that it is a man's job. Before coming to Washington she was proprietor of a successful restaurant in Oklahoma and her office here is right next door to the cafe in the House Office building, where by accident or intention is not generally known.

**Her Hobby**  
Her hobby is justice to the Indians. She pleads for them at every opportunity and states it is the dearest wish of her life to be able to do something for them during her service in congress. She only made two requests of the committee on commit-

### ONE BETTER

The author of "Say It With Flowers," did well; but he who invented "Say It With Flour," as used in connection with the Armenian relief fund, did better.

tees when she arrived, one to be placed on the committee on Indian affairs, and not to be put on the woman's suffrage committee. "They put me on both," she said, "but they tell me the woman's-suffrage committee has 'innocuous desuetude,' so it is all right."

Another paradox about this woman in congress is that although she came largely against her wish she is making good in the estimation of everyone about congress. She has the respect and admiration of members and secretaries alike, something as rare as a day in June about these parts. Everyone has a good word to say about her.

There was another woman who came to congress because she sought to come. Women's political organizations wanted her to come and helped her to the spotlight basking in the margin by reflected glory. She toyed with radical voters and sought perpetuation in office at the end of political rainbows like many a man before her. She voted against a war one of whose primary objects was to protect the rights of other woman and little children to travel the seas in safety, and left a general impression behind her that it would have been better had she not come. Miss Robertson is doing as much as any human being could to remove a somewhat growing idea that it would be better if no other woman should be sent to congress—ever.

**Character in Countenance**  
The pen pauses when it tries to describe the impression of moral strength and stability which "the lady from Oklahoma" gives. Her forehead, high and noble, strikes one on first glance. She has a wonderful face; it is intelligent; it is strong; it is kind and motherly all at once. While she was speaking I had a fine opportunity to study her profile. It is a wonderful profile—strong, impressive. Again and again it made me think of Nathaniel Hawthorne's story of the "Great Stone Face."

## GAMBLING IS TABOO IN PUBLIC PARKS

Crap-shooting, "stud" and other chancy games are to be barred absolutely from Uncle Sam's public playgrounds in California this summer.

Gambling of all kinds, even to nickel-matching is to be taboo in Yosemite and other national parks of the state, according to word received from government officials by the Automobile Club of Southern California.

Never again will the lonesome white chip call to its mate in the shadow of the stately redwoods.

Never again will the beetling brow of El Capitan wrinkle at the cries of a father seeking shoes for his baby, for the bones shall not rattle either in Sequoia, General Grant or Yosemite domains. The only rattling that will be done there will be the thunderclaps around the mountain peaks.

Sad news is also transmitted by the Auto Club to owners of pet animals and pet cats in particular. No animal pet shall be a visitor to any of Uncle Sam's garden spots.

Tabby, however, can now pass through the national parks if in a cage, but no pet cat may remain overnight in the park. People who live in Yosemite or other national playgrounds may own cats for catching rats, however, if they get a permit from Uncle Sam.

Last year no pet animals could even pass through the parks. Now they may pass through, but they must pass through quickly.

Other things prohibited in Yosemite this summer, for instance, are trucks of more than three tons in weight, except on the El Portal road or on the floor of the valley.

Motorists who have planned to take Fido or Tabby on a pleasant vacation outing which was to have included any of the big preserves in the state must now make other arrangements, says the government.

## WILL BE CLOSED FOR MEMORIAL DAY

W. E. Hewett, president of the Glendale Laundry, announces that for the first time in its history his industry will be shut down on Memorial day, giving a holiday to about 50 employees. As a large number of them have cars he expects there will be many excursions to points of interest.

Who remembers when children were told they should be "seen and not heard," and who remembers kids that were that kind?

## FORD PRODUCING 4000 CARS A DAY

Present Production Greater Than for Same Period Last Year

Ford is building cars at full speed. And, according to an official statement from the factory at Detroit, the demand for Ford cars and trucks still exceeds the output, despite the fact that a new high level of production has been reached.

By the first of May the figures representing daily production were in the neighborhood of 4,000 a day, so the May schedule was set at 1,125 cars and trucks, not including the output of the Ford Canadian plant or any of the foreign assembling plants. The output mounted daily, May 12 brought forth 4,092, the greatest number that have been produced in one day so far this year. Since the month has 25 working days, present indications point to a new high record.

A comparison of Ford production figures for 1920 and 1921 discloses the fact that for April, 1921, the output was greater by 34,514 than for the corresponding month of a year ago. The output for May, 1921, will probably overshadow May, 1920, by between 15,000 and 20,000 cars and trucks.

Approximately 43,000 men are at work in the Detroit plant of the Ford Motor Company. The factory is operating full time, six days a week and three shifts a day.

"We were never in a better condition than we are right now," said Henry Ford recently.

## ARSENIC DISCOVERY MAY FREE PRISONER

(By International News Service)

PARIS, May 28—Now that Dr. Kohn-Abrest, director of the laboratory of toxicology at the prefecture of police, has found that the human body contains a certain quantity of arsenic, relatives and friends of Dr. Danval, a Parisian chemist, condemned in 1878 to hard labor for life for having poisoned his wife by administering arsenic, are moving heaven and earth for his rehabilitation.

During his trial Danval and his lawyers warned the jury that every human body contained arsenic and swore on the man's innocence. Unconvinced, the court sentenced Danval, and he was sent out to French Guiana. Twenty-five years later he was freed by presidential decree and returned to France, where he demanded his rehabilitation. It was refused him at that time. Danval's son was killed in the World War when, as lieutenant, he was leading his company.

## SHERIFF MAKES A WONDERFUL RECORD

(By International News Service)

SEATTLE, Wash., May 28—A record of 8000 arrests in 19 years, without once having fired a shot, is the boast of Matt Starwich, sheriff of King county, Wash., friends of whom, in and out of the service, are congratulating him this week on the completion of nearly one score years as overseer of 6000 square miles of mountainous and semi-mountainous territory. Starwich made 8000 personal arrests without firing a shot. However, he took part in many arrests where he was assisted by deputies and posses. The veteran sheriff is known in the Paget Sound region and in police circles along the Pacific coast generally as one of the most efficient criminal hunters between Vancouver, B. C., and the Mexican border.

One reason a radical seldom is convincing is because his noise offends the ears and the average person would rather be pleased than converted. Temptation comes in many forms, including the forms that wear skirts.

Ford prices were placed on a pre-war basis on September 22, 1920. In accordance with Henry Ford's ideal of giving the greatest possible value for the amount invested, Ford cars were the last to be raised and the first to be reduced. There is no greater value on the market today.

With a production of more than 97,000 cars in April, and 100,000 in May, the supply does not meet the demand. To protect yourself against delay in delivery, order NOW from any of the following dealers:

## DECORATION DAY

The Glendale Press will be delivered to its subscribers Monday morning, thus enabling the employees to have the day for their own purposes. The Press will give special attention in this issue to the route of parade, ceremonials of the day, sketches of various patriotic societies, with illustrations, and other special features. The day will be universally observed in honor of the dead.

## AN OBJECT LESSON

A sordid story, well suited for moralists to use as a warning against the early marriages of girls, is written on the court records at Kansas City. Andrew Peterson not only stole Leo Miller's wife, but he also stole his name. For this extraordinary marital theft Peterson will serve six years in a federal prison. But what of the girl? She was only 14 when she married Leo Miller in 1917. The latter soon went to France and the girl, a mere child, was left at home, a war bride. At a dance she met Andrew Peterson, who at the time was estranged from a wife and two children, and soon the couple eloped. Peterson assumed the name of Miller and they lived in Kansas City until located by police authorities. He will have time behind gray walls to repent his hasty elopement. The girl will find her lot more fraught with obstacles.

## X-RAY MARTYRS

Within a week we have had to record the death of two more medical men who lost their lives from using X-rays to relieve the sufferings of others. These most recent martyrs to science were Dr. Ironside Brude, radiologist to the Charing Cross Hospital, and Dr. Adolphe Lebay, chief of the radiographic laboratory of St. Antoine, Paris.

Those who have had the painful task of going with a patient for treatment and of seeing victims of cancer in the waiting room cannot wonder at the willingness of doctors to take the dreadful risks in their endeavor to heal cases which have hitherto been hopeless. Those with any knowledge of the selfless ardor of science can understand the inner flame which burns in pioneers; we may lament the loss to science and humanity of their experience and devotion; but we must rejoice that our race continues to produce men so worthy of all honor, examples so resplendent of the victory of the spirit over flesh.

But the question arises very urgently whether or not all possible precautions are being taken. Dr. Robert Knox has suggested the need of a searching investigation into the effect of X-rays on healthy blood and tissues, the means of controlling them, the means of direct protection by the improvement of apparatus, and the care of the operators and their assistants. What is hoped from X-rays is they should exercise a selective action in the destruction of morbid growths like the forms of cancer. But these are also alive and are embedded in living tissues whose destruction has to be avoided; strong disinfectants were applied which, although they destroyed germs, also wrought havoc on the healthy tissues. In course of time this difficulty was overcome, and aseptic methods replaced antiseptic practice. Some analogous methods may be found in X-ray therapeutics. —London Times.

### SOMETHING HAD TO BE DONE

The two fishing guides had in vain tried to impress upon the stingy millionaire that a tip would not be amiss. Finally, as they paddled over the lake, one had an inspiration.

"Bill," he gasped, pointing to a small, fluffy cloud in the distance, "there's a storm coming up. Can you pray?"

"No."

"Can you sing a hymn?"

"No."

"Well, we've got to do something religious. Let's pass the hat around."

## WOMAN'S COZY CORNER

By JOSEPHINE FRANCE

### Asparagus Variations

This delicious and wholesome vegetable may be served in a great variety of ways, ranging all the way from soup to salad, and is always acceptable. It is now plentiful in the market.

### Asparagus Soup

Take a large bunch of asparagus, cut off the tips and cook them in a same kettle with the stalks. When the stalks are quite tender mash them and rub through a sieve, return the pulp to the water in which they were cooked, add the tips and hot milk to make the desired amount of soup (or water may be used with a cupful of cream or piece of butter) salt to taste and thicken with a tablespoon or two of flour mixed smooth with a little cold milk or water. Let boil until the flour is well cooked.

### Asparagus Shortcake

A new way to serve asparagus is to bake some large baking powder biscuits, split while hot, and butter; then have prepared the asparagus, the tender part only, cut fine and boiled in as little water as possible, well salted. When nearly done water should be nearly boiled away. Add a generous portion of rich cream, thicken slightly with a little flour or corn starch, season with butter, pepper and salt, and pour over the hot, buttered, biscuits on individual plates, sprinkle the tops with chopped hardboiled eggs.

### Asparagus Pudding

Boil two bunches of asparagus and chop fine. Beat well four or five eggs according to size, add two tablespoons of soft butter, three of flour, a pinch of soda dissolved in one cupful of sweet milk, pepper and salt to taste, and lastly the chopped asparagus. Put into a buttered mold with a lid and boil for two hours. When done turn out on a dish and pour melted butter over it.

### Asparagus Rolls

Slice off the tops from stale light rolls, dig out the soft centers and put the crusts with the tops in the oven until crisp. Put a pint of milk over the fire in a sauce pan, rub two table-spoonfuls of butter with one of flour, and add to the boiling milk, with salt and pepper to season. When well cooked add the well-beaten yolks of

four eggs and three bunches of boiled asparagus chopped fine, stir until well heated, then fill the hot roll crusts with the mixture, cover with the tops and serve very hot. Cold biscuits may be used in the same way, or thick slices of stale bread.

### Asparagus on Toast

Cut tender stalks four or five inches in length and boil in salted water until done. Have ready some slices of nicely browned toast, dip them in the asparagus water, and butter while hot. Lay the slices on hot plates and arrange the asparagus stalks on them. Or the asparagus may be cut in small bits, cooked as for creamed asparagus, and poured over the toast.

### Asparagus Loaf

Stir two tablespoons of flour into two of hot butter until smooth, add one-half teaspoonful of salt and a dash of pepper and gradually one cupful of cream. When boiling, add one cupful of chopped boiled asparagus and four well beaten eggs. Turn carefully into a well-buttered pint bowl that has been lined with asparagus tips (boiled) set the bowl in a dish of hot water and cook in the oven until the center is firm. Then let stand a few minutes, and invert into a shallow dish. Serve with butter sauce.

### Asparagus Risoles

Make a rich pie crust and roll out thin, cut in squares with a sharp knife, on each square place a teaspoonful of cooked asparagus chopped fine and mixed with a thick cream sauce, sprinkle with salt, paprika, and a little minced parsley, fold over with opposite corners together, making a triangle, and crimp the edges together with a fork. When all are done, place them on ice for an hour, then fry them in hot cooking oil until a golden brown, drain well and serve on a hot platter, garnished with thin slices of lemon and crisp parsley.

### Asparagus Fritters

Make a batter with two-eggs, one tablespoonful of butter, one cupful of flour, one teaspoonful of baking powder, one-half teaspoonful of salt and sweet milk to make a drop batter. Add cold boiled asparagus cut fine and drop in spoonfuls into boiling hot cooking oil. Or the stalks of the asparagus may be dipped in the batter and fried. Serve hot.

## Series of Articles on Patents, Inventions, Etc.

By WILLIAM C. CUTLER of Glendale, California

### PATENTABLE—SUBJECTS

The man who says, "It Can't be done," is a poor man for inventors to associate with.

It is hoped that a perusal of this chapter will help to clarify the reader's mind on certain details in regard to patentable things which have been found misunderstood by inventor and manufacturer alike.

What constitutes a machine, according to patent office standards, has been the source of much misunderstanding, as has also the difference between a composition of matter and the process of producing it. It is impossible to find the place where mechanical skill no longer applies and true invention begins, but, as will be appreciated, the determination is one which has much to do with the character of the invention itself. It would naturally be assumed that the more recent the art, the more probability that an improvement would constitute an invention, but it is rather the opposite.

Several telephone patents were declared invalid on the ground that certain desirable improvements, while novel, were the result of engineering skill rather than true invention.

As the use of the telephone increased, the solution of certain desirable features to perfect communication became a natural consequence. It was considered that while the method used to accomplish the result might have been new the same result would have been accomplished by others skilled in the art without the exercise of inventive genius. It will be realized that there is no advantage in making patent applications for inventions which do not contain something more than mechanical skill, particularly where the inventor can ill afford to lose the expense involved.

Q.—Patentable subjects. What are they?  
A.—(1) Machines, or improvements therein, possessing novelty and utility and which are not mere mechanical skill; (2) A composition of matter; (3) An art or process; (4) Designs.

Q.—Mechanical skill. What is it?  
A.—Skill which would enable any mechanic acquainted with an art to accomplish a desired result.

Q.—Machine. What is a?  
A.—A combination of elements, mechanical or electrical, which work together, so that when one element fails to operate, the machine as a whole, stops.

Q.—Example of a machine. What is an?  
A.—The automobile. It is made up of old elements, such as a running gear, gas engine, fuel tank, power shaft, clutch. Combined they produce a horseless vehicle. If any part gives out, the machine will not continue to operate.

Q.—Composition of matter. What is a?  
A.—"The intermixture of two or more ingredients, possessing properties which belong to none of these ingredients in their separate state." Court opinion.

Q.—Example of composition of matter. What is an?  
A.—Soap, the ingredients of which change chemically in manufacture. The fat used is no longer fat, and the composition therefore meets the requirement of the statute.

Q.—Process. What is a?  
A.—Effects which produce chemical or mechanical changes. Such changes in the latter as will modify the material in some particular manner during the operation of working it. "A machine is a thing. A process is an art, a mode of acting: The one thing is visible to the eye, an object of perpetual observation. The other, a conception of the mind, seen only by its effects when being executed or performed. Either may be the means of producing a useful result." Court opinion.

Q.—Example of chemical process. What is an?  
A.—The treatment of coal tar by which dyes, medicines, etc., are obtained constitutes a chemical process.

Q.—Examples of mechanical process. What is an?  
A.—The manufacture of expanded metal was decided to be a process by the supreme court, owing to the fact that the metal was distorted, so that it required a permanent "set" and in that respect it was modified. The Bell Telephone invention amounted to a process in that speech was produced by the process of changing the amount of electric current passing from one instrument to the other by means of an iron disc placed in near relation to a magnet.

Q.—Product or result derived from process. Can it be patented if it is an artificial duplication of a well-known substance?  
A.—No.

Q.—Example. What is an?  
A.—If rubber were reproduced artificially, the process of producing it would be patentable, but not the product itself.

Q.—Improvement. What is an?  
A.—An invention coming later than the original, that is one applying to some prior invention. Most patents are improvements on some earlier invention. "But all improvement is not invention and entitled to protection as such. Thus to entitle it, it must be the product of some exercise of the inventive faculties." Court opinion.

Q.—Example of improvement. What is an?  
A.—The improvement of a machine.

## Citizens

Only One More Day to Register

Do you realize there are from 1800 to 2000 unregistered voters in Glendale? The most of these have lost their right of franchise by moving to a different precinct. Some are newcomers here, but are eligible to vote if registered.

In view of the fact that on June 28 an entire group of elective officials are to be chosen it is incumbent on you to register, so as to be able to meet any contingency that may arise.

If you have not registered since January 1, 1920—Register. You must have been a resident of the state one year; county, 90 days, and precinct, 30 days.

Register at Chamber of Commerce or with Mrs. Myton, 104 South Glendale avenue, from 9 a. m. to 5 p. m., and at Roberts & Echols' Drug Store or at Old Tropic City Hall Library after 5 p. m.

IMPORTANT CITY ELECTION JUNE 28.

REGISTRATION BOOKS CLOSE MAY 28.

Better register while you have the opportunity than to wish you had, later.

## PERSONAL MENTION

Mr. and Mrs. O. R. Barnett of 334 West Broadway, had as their guest this week, Mrs. Kirkpatrick of Texas.

Mrs. Ella Richardson of 317 North Brand boulevard, has gone to King City to visit her daughter, Mrs. Shives Mitchell for several weeks.

Mrs. Erwin Mihn, Miss Carol Mihn, Mr. and Mrs. H. M. Ingraham and Master Marsh Ingraham were dinner guests, Thursday evening, of Mr. and Mrs. William Justema of North Central avenue.

Miss Amelia Colby, one of the graduates of the Glendale sanitarium and hospital, has returned to Glendale from St. Helena, where she has been teaching hydrotherapy at the Pacific Union College and also acting as assistant preceptress.

C. H. Thompson of 131 North Brand boulevard recently sold two lots at 338 and 340 Cameron place, to Mr. and Mrs. W. N. Wideside of 646 North Maryland avenue.

Mr. and Mrs. J. S. Knox of 435 South Central, recently entertained at luncheon Mr. and Mrs. J. S. Newman of Kansas City. The two gentlemen were business associates in Kansas City.

Mrs. Charles Grist of 503 West Vine street enjoyed a visit this week from her cousin, Miss Barbara Lee of Shasta, whom she has not seen for five years.

Mrs. R. G. Payne and daughter, Miss Francis, have returned to their home at 105 North Central after an absence of two years. Miss Payne, an accomplished musician and violinist has been teaching music in the Bakersfield schools.

T. P. Waring of 371 Pioneer drive, is enjoying a few days' visit with his father, I. Waring of Long Beach.

Miss Winnifred Parker entertained a number of her friends informally at her home, 212 North Orange street on Thursday evening.

Mr. and Mrs. A. G. Spohr and a party of friends from the east motored to the Bay city last week, returning Thursday of this week.

Jack Wagon of North Kenwood is enjoying a visit with his old friend Dick Royce, a former Glendale resident, but who has been gone from the city for more than two years. He recently severed his connection with the San Francisco firm in whose employ he has been since his discharge from the army in 1919, and has not as yet decided on a permanent location.

Mr. and Mrs. O. H. Below, Mr. and Mrs. Allen M. Fairchild, Mr. and Mrs. Reuben George, and Dick Hodges of Pasadena, will constitute a party that will go to Balboa and occupy a cottage there for the week end. One or more other house parties to the same place are being planned.

H. J. Eggers has built 22 houses on North Isabel, within a space of three blocks, within the past year and has sold all but one of them. This he and his wife occupy. He will start another soon. Mr. Eggers was in charge of the Glendale sanitarium and hospital buildings.

Miss Marjorie Kimlin, eldest daughter of C. E. Kimlin of the Glendale sanitarium and hospital, has returned home from the San Fernando Academy, having completed 12 grades of work. She plans to take the nurses' course here.

## MRS. C. L. MARLENEE ELECTED CURATOR

At the business meeting of the music section of the Tuesday Afternoon Club which followed the delightful program at which the members were guests of Mrs. Dora Gibson and the members of the music department of the high school yesterday afternoon, Mrs. Charles Lee Marlenee, curator of the section was elected by acclamation to the curatorship for the next club year.

Mrs. H. D. Thaxter, the secretary, was also reelected secretary, by a unanimous vote.

The treasurer's report showed a satisfactory condition of the section's finances, and it was accepted. It was voted to have an assistant curator next year, to be appointed by the curator; the section also voted the curator permission to use the funds in the treasury at her discretion.

Mrs. Marlenee urged attendance at the community sing to be given next Tuesday evening as a feature of "Music Week," in the high school auditorium, Mrs. C. A. Parker and the Madrigal Club leading.

The music section's closing event of the year will be a luncheon at the White Inn on Monday, June 13.

Announcement was also made of the banquet to be given by the Glendale-Music Club on June 6. Charles Wakefield Cadman, Vernon Spencer, and Gertrude Ross will be guests of honor and will give short talks.

## EAST GLENDALE MEETING POSTPONED

On account of Monday next the East Side Glendale Welfare Association, whose regular meeting night is the last Monday in the month, will be postponed until the following Monday evening at the Broadway schoolhouse. An interesting meeting is expected at that time in view of the existing political campaign.

## THEATERS

## Glendale Theater

A Greenwich village story, "The Mad Marriage," is the feature picture at the Glendale theater today, with Carmel Myers in the leading role.

Urban Movie Chats, International News and a good comedy, "The Country Heir," are other numbers on this program.

Tomorrow's bill brings to the Glendale theater a great picture, "The Highest Law," with Ralph Ince taking the part of Abraham Lincoln.

## Palace Grand

For a real live, jazzy, and delightful comedy that is as full of action as an egg is of meat, the most jaded movie fan in the world will recommend "The Ghost in the Garret" in which Paramount picture dainty Dorothy Gish, is seen at the Palace Grand today.

"The Ghost in the Garret" deals with a girl who with her dog Mike (a splendid actor, by the way), follows a band of crooks into a haunted house and after playing the ghost with highly humorous result, brings the criminals to book. The story is a blues chaser of the finest sort, and the production in every way a treat. William E. Park heads a capable supporting cast, which included Downing Clark, Ray Gray, Mrs. David Landau, Mrs. Foy and others.

## PERSONAL

Another party which plans to spend the week end at Big Bear includes Mr. and Mrs. Charles Shattuck, their daughter Leone Shattuck, Mr. Calkins, Miss Coral Griffith and Emil Kiefer.

Weather permitting, Dr. C. Stuart Steelman and family will spend Decoration Day at Keene's camp in the San Jacinto mountains.

Dr. W. J. Johnson on the staff of the Glendale sanitarium and hospital is in Salt Lake City on institutional business. Dr. H. G. Westphal, medical superintendent, will go to Phoenix, Ariz., next week for a few days.

Mr. and Mrs. Roger F. Fitz, who formerly lived at 925 North Louise street, but now living in Manson, Ia., have written friends here that they hope to be back in Glendale ere long and locate permanently. They spent the winter here and think no place equal to this.

Mr. and Mrs. J. H. Braly of 505 North Brand boulevard attended a meeting of the Men's Civic Club at Los Angeles on Thursday. They were very much pleased with the address of Ora Monnette, a member of the library board and business man of prominence, on the needs and advantages of a central library building in the city of Los Angeles. He stated that Los Angeles was below the standard of other cities of its size, and even of some smaller, in respect to its library buildings.

# MR. AND MRS. PICKLEWEIGHT ENTERTAIN LORD FLUMMITY

# WILLIE AND JOHNNY JONES HAVE AN UNLUCKY DAY

**DEAR TOMMY:** They had a bowling tournament up here, and Johnny Jones won the booby prize, and, of course, everybody laughed at him. The next week there was a regatta on the lake, and we fixed up our canoe like this drawing to get the laugh on the other boys. But we ran in to a sunken log and exposed the trick, so the laugh was on us! Yours, etc. **WILLIE.**

LIKE POOR RELATIONS, HERE WE WAIT UPON THIS RICH MAN'S PLEASURE. WHILE HE CONSUMES HIS PORTERHOUSE, WITH SILVERFORK AND LEISURE. OUR INNARDS CRY FOR NOURISHMENT! OH, PHILADELPHIA SCRAPPLE! IT LINES THE STOMACHS OF THE RICH AND MAKES THEM FAT & DAPPLE!

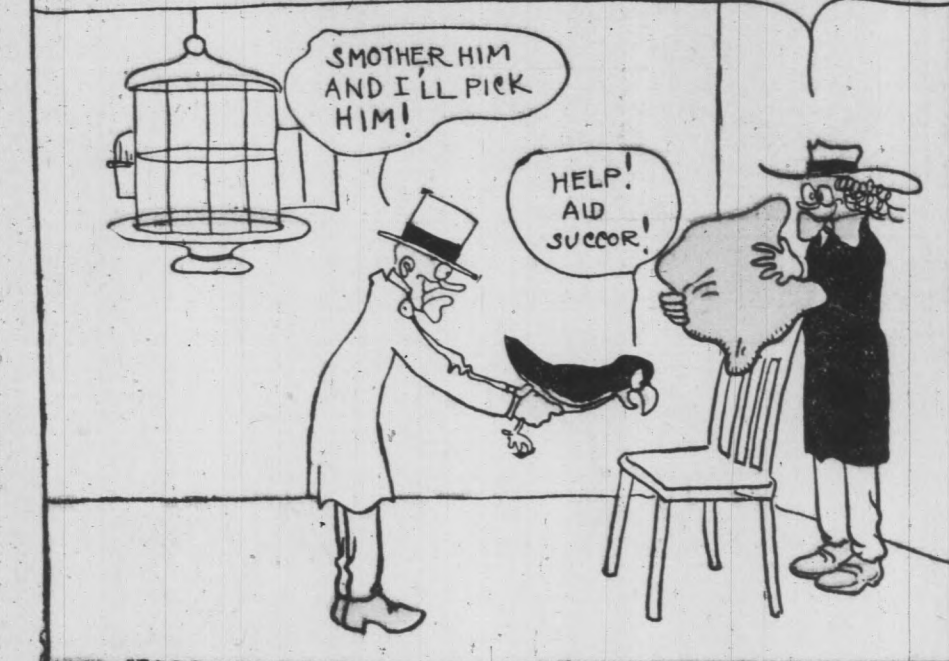

BUT EKE, ASQUEAK! CANARY BIRDS! ALL TWITTERING & YELLOW! THE LITTLE FEATHERED GLOBULES, THEY WILL TASTE SO SWEET & MELLOW! THEIR LITTLE BEADY TWINKLING EYES, OUR APPETITE DO THASTEN! (THEY DO THIS IN THE SHRINERS LODGE WHEN THEY MAKE YOU A MASON.)

WHAT IS THERE FOR THE SECOND COURSE, HA! GOLDFISH, FOR A CHOWDER! (THE HERO STUBBED HIS TOE AND SWORE. THE AUDIENCE CRIED 'LOUDER!' IT TASTES LIKE RUSSIAN CAVIARE, BOTH PLEASING & ESTHETIC. A MAN ONCE ATE A RUBBER FOOT AND HOWLED FOR AN EMETIC.)

A PARROT IN A GILDED CAGE - THE THIRD COURSE IS AWAITING. WE'LL BROIL HIM OER THE GAS JET, LET THERE BE NO HESITATING! BUT WITH THIS SOFA PILLOW, WE HIS HUMAN VOICE WILL SMOTHER, AND FEEL JUST LIKE THE FISHERMAN WHO BROILED HIS OWN GRANDMOTHER

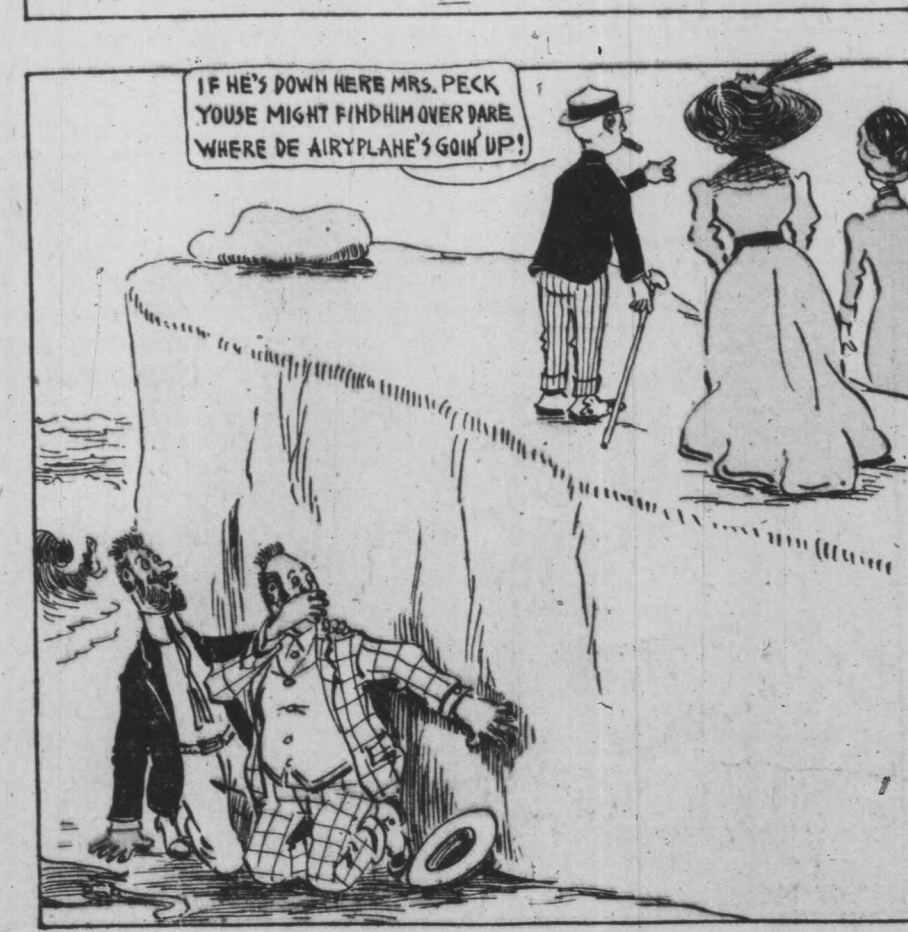

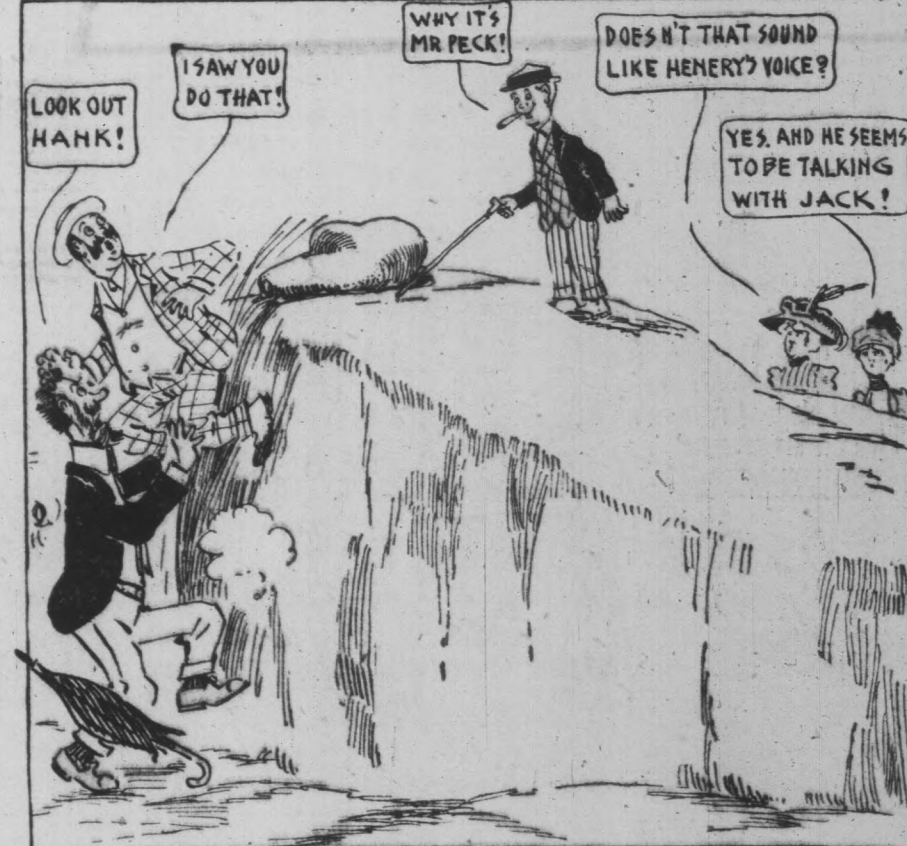

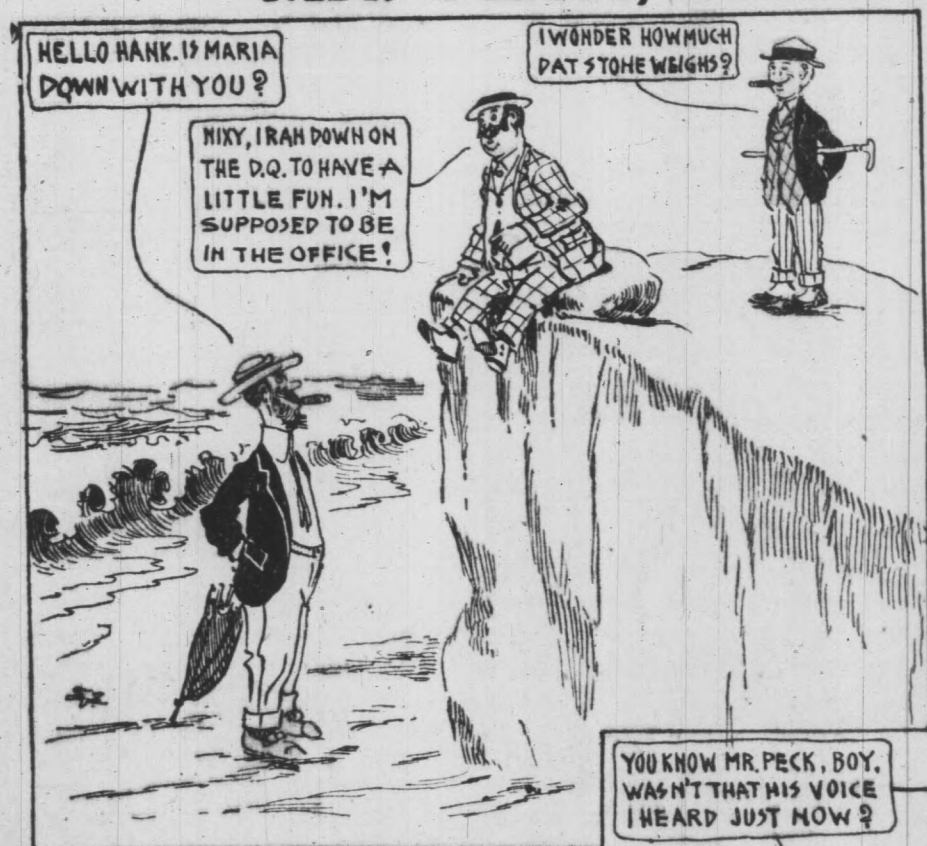

COME, MERRY SIR, YOU'RE WELCOME, SIR. COME JOIN IN OUR COLLATION. THE SALLE A' MANGER IN THIS HOUSE EXCEEDS OUR EXPECTATION. IF YOU COULD ADD A CAT OR TWO, I WOULD SO NEATLY BROIL 'EM, AND SWEAR BY MARION HARLAND, TOO, THAT I WOULD NEVER SPOIL 'EM!
